It had been my plan to do a thorough job of gravelling, but as I was unable to obtain adequate hand labor, and lacking the necessary funds for hiring a power shovel due to the fact that just before I was ready to begin gravelling the Selectmen informed me that the money for tractor maintenance must come out of the appropriation for highways and bridges, I had to forego that plan.

Since no experienced men would agree to assist me in running the snowplow for fifty cents (\$.50) per hour, and as I did not feel that I could do the work of two men for that price, I resigned as caretaker of the snowplow, upon which the Selectmen decided that I should be relieved from the responsibility of sanding the roads.

My purpose in submitting the above report is that the townspeople of Goshen should have a true picture of the circumstances.

Respectfully submitted,

MAURICE E. TENNEY,  
Road Agent.

## FIRE WARDEN REPORT

---

We have had another very successful year in regards to forest fires and we want to thank the people of the Town for their cooperation.

We still want to call your attention to the fact that it is unlawful to build a fire out of doors only when the ground is covered with snow without first getting a permit from your Fire Warden and then on rainy days only.

Signed,

FRED E. TEAGUE,

Warden.

Deputy.

### ANOTHER ENEMY TO CONQUER

Here is a home front fight that everyone can get into. Last year in this State 558 brush and forest fires burned over 4,648 acres of land, of which 2,788 acres were valuable timber and young growth. With available manpower the lowest of any year since the war started, you can help to keep this loss down by preventing these fires from starting.

Keep in mind these simple rules:

1. Always get a permit from your forest fire warden before starting any fires in the open. Burning under certain conditions is permitted.
2. Never burn unless you have enough help to control your fire—a permit does not excuse you of negligence in case it gets away.
3. Always report any uncontrolled fire promptly to your forest fire warden. Minutes lost are acres lost.
4. Be especially careful with cigarettes, matches and pipes. Smokers caused most of our fires.
5. Never leave a fire unless it is dead out. You can't feel safe while there is a spark left.

## ANNUAL REPORT OF THE OLIVE G. PETTIS FREE LIBRARY

Each succeeding year finds your library a more comfortable, homelike, and modern reading centre. We hope more people will realize how much enjoyment can be derived from reading the interesting books and magazines provided by the Library.

The children's corner has been used a good deal and we are glad the children are taking so great an interest.

The Library committee has offered prizes to one pupil in the Village School and one pupil in the Corner School for the best book report. All pupils may submit as many reports as they wish, and the teachers, Mrs. Grace Scranton and Mrs. Elizabeth Nelson, will be the judges. The prizes are to be presented to the winners in June at the Graduation exercises. This should encourage the children to read more.

In November, during National Book Week, the school children under the direction of Mrs. Grace Scranton and Mrs. Elizabeth Nelson, presented a very interesting program to a large number of parents and friends who gathered in the Town Hall. School work was on exhibition.

We are fortunate to have Mrs. Brigham as librarian as she is very co-operative and gives unstintingly of her time.

Miss Grace Dow has generously contributed the American Magazine each month. It can be taken out in the same way as a book.

The Bookmobile still makes regular appearances in spite of the rationing of gas and tires. We all hope it will continue its services, especially because the school children enjoy it so much.

If you have a particular book you would like to read, it is quite possible for us to obtain it from the State Library.

The usual number of books, both adult and juvenile, have been added. You will find new Mysteries, westerns, historical and other novels; biographies and other non-fiction on the shelves. Why not drop in on Saturdays and take advantage of this increasing wealth of entertainment, education, and inspiration? Your Library now has books to meet every taste, every mood, and nearly every need.

## SUPERINTENDENT'S REPORT

---

To the School Board of Goshen:

I herewith submit my eighth annual report as your Superintendent of Schools.

Few of us realize how fortunate we were this year to retain two able, experienced teachers in our schools. Mrs. Grace Scranton at the Mill Village School has an unusually crowded room yet the children are in good order and learning what they should learn and on time, in fact I consider it one of the best lower grade schools I have had the privilege of being associated with. Mrs. Arthur Nelson has a good school and knows her work. I wish the pupils, some of them, felt the responsibility of being there at school every day when possible. Even an expert teacher cannot do her best work with pupils who are not in regular attendance. It is not fair for those who do attend regularly as the irregularity of those who are out interferes with the good work of those present.

The teacher situation is bound to be more serious in this State than it is now. There are eighteen girls being prepared to graduate for our normal colleges next spring who will be prepared to teach elementary schools. The State generally absorbs about one hundred new teachers each year. Many of our married teachers are only teaching to help out in war times. There are very few young girls with the qualities required for teaching who show any interest in preparing for this work. In general, salaries have been increased, but the increases in most cases have not met the new national taxes, to say nothing of the increases in the general living.

May I quote a paragraph from last year's report. "It would be a great help to equalize the cost of education in this state if a law was passed providing up to \$1,500.00 for each district in the state to help maintain a high school or to pay for the education of high school tuitions." It seems, at the time of this writing, the present Legislature might consider legislation along this line. Some attempt should be done to equalize the cost of education among the districts according to their abilities to pay. Districts made up mostly of farms do not have increases in incomes comparable to the increases in the cost of education.

I wish to thank the members of the Goshen School Board, the teachers and pupils for their help and loyal support.

Respectfully submitted,

WALTER L. MASON, Superintendent of Schools.

## REPORT OF SCHOOL NURSE

January 1, 1944 to December 31, 1944

---

Number of School Visits	20
Number of Home Visits	16

Your school nurse is happy to report that better health, better personal hygiene, and more interest in preventive and corrective dentistry was noted among the school children at the time of the annual health inspection.

The following defects were found among the forty-two pupils.

- 1 Pupil had chronic rhinitis
- 13 Pupils had faulty nutrition
- 8 Pupils had nervous habits
- 13 Pupils had poor posture
- 5 Pupils had enlarged tonsils
- 2 Pupils had defective speech
- 28 Pupils had defective teeth
- 3 Pupils had faulty vision

The dental clinic of April 10, 1944 was attended by ten pupils. 3 pupils had to have continued dentistry so great was the decay. 7 pupils had complete care at the clinic by Dr. E. F. Keane.

There is a growing need for broader and better dental care in our rural schools.

Could there be a little closer tie-up of parents with the Superintendent of Schools and the School Nurse?

Respectfully submitted,

ZEPHYRINE L. HASHAM, R.N.
